BRC is an EA affiliated club and, as such, is covered by Public Liability Insurance. EA members are also covered under insurance whilst riding and training their horses. You should consider if holding your own personal accident or loss of income insurance is right for you if you are not also an EA member.

Australia, New Zealand, United Kingdom and France. Ken's knowledge and information will help people and horses to build a level of communication that will enable you to move forward together as a partnership, understand the intricacies of finesse riding and high level liberty.

Ken focuses on teaching students horsemanship in such a way that they can incorporate it into any horsemanship discipline or program they choose, whether it be English or Western, endurance or trail riding, competition or just for fun.

Creating a unique bond with your horse and building communication skills and understanding, enables you to enhance your horsemanship. The result will be a horse which is mentally alert, physically willing and emotionally collected.
